

Clothing Check

Shoppers at the Ski Sale are looking for fashionable, fairly priced articles.

Higher-priced clothing items do not sell as well as lower-priced items. This is a bargain sale and our patrons are looking for good value.

Clothing items which are outdated or out of fashion are not good sellers.

We will not accept for consignment any clothing that is more than five years old.

We want our customers to be able to use the clothing items immediately without cleaning and major repairs being required before use. So items to be consigned must be in that state.

All items of clothing **MUST** be checked carefully by Ski Sale volunteers:

- All clothing **MUST** be no older than five years and **NOT** look outdated.
- All clothing must look and smell clean.
- There should be no stains inside or out.
- There should be no badly faded spots.
- There should be no tears, rips or patches in clothing.
- All zippers and other fasteners should be in working order

PLEASE NOTE: We do NOT accept the following USED clothing items:

- Helmets
- Gloves
- Hats
- Scarves
- Sweaters (except racing suit sweaters)
- Cotton XC ski wear

We urge customers whose clothing items are rejected or remain unsold to donate to the charitable organization of their choice.
